
Ladies' Day Out

Ladies Day Out is a once-a-month activity full of fun and adventure where we spend the day visiting sites in and around the Houston area. The day of the month varies depending on the availability of the particular activity. Our day out consists of taking exciting and informative tours; visiting interesting places; having lunch; shopping and having lots of fun – all while learning many interesting facts and making lasting friendships. Whether we go by Bus, Carpool, or sometimes by Boat – it's always a great adventure! Come join us for a day you will always remember!
